

Registration of Trustee Business Interests 2018/19.

TO: Trustees/Directors/Governors

FROM: Susan Foley

DATE: 10 September 2018

SUBJECT: **REGISTER OF BUSINESS INTEREST**

In order to comply with the Financial Academies Handbook the Trust must pay no more than 'cost' for goods and services provided by any connected parties. The Trust therefore requires that a register of business interests is kept and any such interests are declared. These interests extend to relatives of Trustees/Directors/Governors with regard to any organisation the Trust has or is likely to have financial dealings with.

This register has to be updated annually, is a legal requirement and forms part of the academy audit.

I would be grateful if you could complete the details on the slip below and return it to **Susan Foley immediately.**

Thank you for your co-operation.
